tion of a humor in the blood—of terrible Eczema—which is more than skin-deep, and can not be reached by local applications of ointments, salves, etc., applied to the surface. The disease itself, the real cause of the trouble, is in the blood, although all suffering is produced through the skin; the only way to reach the disease, thorefore, is through

"I had Ecsema thirty years, and sore that it gave me of treatment my leg was so raw and sore that it gave me constant pain. It finally broke into a running sore, and began to spread and grow worse. For the past five or six years I have suffered untold agony and had given up all hope of ever being free from the disease, as I have been treated by some of the best physicians and have taken many blood medicines, all in vain. With little faith left I began to take S. S. S., and it apparently made the Eczema worse, but I knew that this was the way the remedy got rid of the poison. Continuing S. S. S., the sore healed up entirely, the skin became clear and smooth, and I was cured perfectly." Eczema is an obstinate disease and can not be cured by a remedy which is

only a tonic. Swift's Specific-

It goes to the bottom-to the cause of the disease-and will cure the worst case of Eczema, no matter what other treatment has failed. It is the only blood remedy guaranteed to be free from potash, mercury or any other mineral, and never fails to cure Eczema, Scrofula, Contagious Blood Poison, Cancer, Tetter, Rheumatism, Open Sores, Ulcers, Boils, etc. Insist upon S. BUBONIC PLAGUE AND WAR. Ominous Outlook in all Western Repub-

lics of South America. KINGSTON, Jamaica, Dec. 6.-Passengers from the west coast of South America report an ominous outlook in connection with the spread of the bu-

bonic plague. There seems little doubt that the epidemic is sl. wly but steadily working westward in South America. To this dangerous plague is added the dangerous condition of political unrest in all the western republies. Chile is on the eve of a financial crisis, possibly of revolution. In Bolivia a series of revolutions are going on. These are disorganizing trade. Ecquador is in a condition of incipient revolts. In Colombia civil war is raging. The plague and the wars are reacting seriously on the trade and industry. The most significant indication is the turning backward of the stream of European commercial travelers.

Passenger Train Crashes Into Electric Car. CHICAGO, Dec. 5 .- A Wabash railroad passenger train struck a Thirty-first street electric car last night, injuring 11 persons and demolishing the car. None of those injured will die. The car had reached the middle of the tracks, when a warning shout from the flagman notified the passengers of the danger from the approaching train. There were 30 or more persons on the car and they made a dash for the doors. Several succeeded in getting ont, and those who did not were thrown more than 20 feet with the car, which was broken into pieces. The fact that no one was killed is considered miraculous.

German Garrisous In Danger. MANILA, Dec. 5 .- The Spanish transport Aliva and the gunboats Villalobes and Quios with the Spanish garrison and civilians of the Caroline islands arrived here yesterday. They report that the German governors of the islands who arrived in the warship Jaguar occupied Yap, Nov. 3, Reipan, Nov. 16 and Ponape, Oct. 3. They garrisoned the places with 15 men each. The Spanish governors of Yap and Ponape said they considered the small German garrisons in danger from the natives. The Spanish secretary, Senor Benquente, has arrived here with a note from Lieutenant Gilmore to his sister, Mrs. Major Price. He says he has been ill, but is now in fairly good health.

Volkmar Objects to Retirement. CHICAGO, Dec. 5 .- Under an order of Secretary Root the board of retirement appointed last week to sit in the case of Colonel William J. Volkmar, adjutant general of the Department of Colorado, began its sitting yesterday at the headquarters of the Department of the Lakes, in the Pullman building. No testimony was heard. Colonel Volkmar reached Chicago during the day and will enter objection to his retirement at this time. He is now recovering from an operation performed some time ago in a Denver hospital. Under the age limit he has six years to serve before retirement.

Hopes to Capture Aguinaldo. Manila, Dec. 5 .- An Associated Press

dispatch from Dagupan, says that General Young hopes to find Aguinaldo in Benguet mountain pass and to capture him there. Both entrances to Benguet are fortified. Two troops of the Third cavalry will reinforce General Young in the pass. Colonel Hood, while reconnoitering

near San Miguel for a force of insurgents from Ildefonse, killed several. Five Americans were slightly wounded.

Molineux on Trial. NEW YORK, Dec. 5 .- The actual trial of Roland Burnham Molineux, charged with the death of Mrs. Katherine J. Adams, by sending poison to Harry S. Cornish with intent to kill, commenced yesterday, though legal preliminaries have already occupied 12 days, that much time having been consumed in getting a jury. The proceedings yesterday were largely occupied by the

opening address to the jury of Assistant

District Attorney Osborne.

Canvassing Kentucky's Vote. FRANKFORT, Dec. 5 .- Fifty-one connties were canvassed by the Kentucky state board of election commissioners yesterday, out of a total of 119 in the state. Of these 51 counties five were passed over to be considered immedately on conclusion of the work of the canvassing board. The counties canvassed give Goebel a total vote of 74,164; Taylor, 68,578. First Cargo for the Exposition. NEW YORK, Dec. 5 .- The United States auxiliary cruiser Prairie has sailed from the Brooklyn navy yard for Havre, France, with the first shipment of the United States government exhibit for the Paris exposition. The cargo which the Prairie has taken on at this port consists principally of about a dozen carloads of structural iron for the United States machinery building at the exposition.

Nanticoke Strike Still On. WILKESBARRE, Dec. 5 .- The negotiations for a settlement of the Nanticoke mine strike were broken off last night, when the officials of the Susquehanna company came out flatfooted and told the strikers' committee that they would not discharge any of the fire bosses and pump runners now in their employ to make room for the strikers. This brought the conference to an abrupt
